Guideline for Admission in

MASTER'S IN PUBLIC HEALTH (BATCH -2021)

Department of Public Health

Development of public health workforce is the necessary prerequisite for finding solutions to enormous public health problems and challenges in India. Considering this, P.P. Savani University decided to start a Department of Public Health and commence the MPH Program in 2019.

Objective

Our Mission is to build the capability of the human resources in the field of Public Health. We strive to become a center of excellence in offering training and capacity development in rural public health, and other health related aspects of Global Health. This program is designed to impart the technical and management skills to students in the area of Public Health.

Master in Public Health (MPH) program

- MPH is 2 years full time program. First and Second semester have basic subjects of Public Health, 3rd Semester have Advance subjects of Public Health with Internship of 2 months and 4th Semester has Dissertation of 4 months. Well known faculties having more than 20 years of industry experience
- Core subjects are: Epidemiology, Bio-statistics, Health Prevention and Promotion, Social and Behavioral aspects of health, Demography Health Management, Health Policies, Research methodology and many more.

Why pursue a career in Public Health

- Public health is an exciting and growing field. Public Health is an emerging field of opportunities as the era has shifted from just treating a disease to controlling and preventing it in the community. The field enriches the research activities and health promotion activities. Public health is a field geared towards serving Community. The field challenges its professionals to confront complex health issues, such as improving access to health care, control and prevention of communicable and non-communicable disease. Public Health professional work towards improving people's health and wellbeing.
- Public Health Education also includes sensitizing community regarding Environmental hazards, substance abuse, violence etc.
