

Facilities

Accommodation to more than 200 students on campus and 15 families

- 24x7 WiFi on Campus
- Lecture halls
- Auditorium
- Seminar halls
- Well-equipped laboratories
- Cafeteria
- Medical facility
- Ambulance service
- RO drinking water
- Reprographic facilities
- Round the clock security by very well-trained personnel
- Transport facility
- Indoor gymnasium
- Hostel Facilities (staff, boys & girls)
- Hygienic kitchen and healthy vegetarian food
- Hot water facilities at hostels
- Experienced resident warden in each hostel

Visit us

Don't just take it from us, come and see for yourself what PPSU is all about. Our University is accessible from Monday to Friday between IST 9 am to 4 pm, which will give you a chance to visit the campus, see the facilities, meet staff and students and get a real feel for life at PPSU.

If you can't visit us in person you can get more of a feel for what PPSU is like by checking out our virtual tour www.ppsu.ac.in/vt/ppsuh.html

Scholarship

We offer the following scholarships:

Government Scholarship Scheme

1. Vidya Lakshmi Education Scholarship (VLES)
2. Mukhyamantri Yuva Swavalamban Yojana (MYSY)
3. Central Sector Scheme of Scholarship (CSSS)
4. Chief Ministers' Scholarship (CMSS)
5. Post Metric Scholarship (PMS)
6. Pragati Scholarship (PS)
7. Food Bill Assistance (FBA)

PPSU Scholarship Scheme

1. Merit based scholarship
2. Financial need-based scholarship
3. Partner School Scholarship
4. Presidential Scholarship

For more details, connect with us on admission@ppsuh.ac.in. Please log on to our website www.ppsuh.ac.in for details of tuition fees, financial support and the cost of living.

How to Apply

Based on the grades in your exams, we will confirm your place and look forward for your welcome at the beginning of your life at PPSU.

For more information about how we process applications please visit Admissions page www.ppsuh.ac.in

Overseas Applicants

We have a dedicated team available to advise, please visit our website www.ppsuh.ac.in for information on applying from your country.

Accommodation

PPSU accommodation has over 75 rooms across a range of well-managed residences. We also have an excellent network of support staff for all basic requirements.

P P SAVANI UNIVERSITY

NH 8, GETCO, Nr. Biltech, Village: Dhamdod, Kosamba, Dist.: Surat 394125.

Institute of Diploma Studies

About Diploma in Civil Engineering

Department of Civil Engineering offers a three-year diploma program in Civil Engineering, which gives students the knowledge and competencies related to construction and building structures. The significance of construction projects in relation to sustainable development has been on a constant rise, creating a high demand for civil engineering professionals. Diploma Civil Engineering Program provides students with the fundamentals of engineering which will ensure that the students get to navigate effectively in the fields and advance in their careers. The department of Civil Engineering is equipped with a league of expert faculties and resource persons from eminent institutes, who endeavor to provide the students with a comprehensive theoretical and practical understanding of Engineering. To develop the practical skills of the students, the department is equipped with laboratories and research equipment to focus on various domains of Civil Engineering. Beyond the scope of the academics, by department also supports to develop the career competencies of the students, making them industry ready.

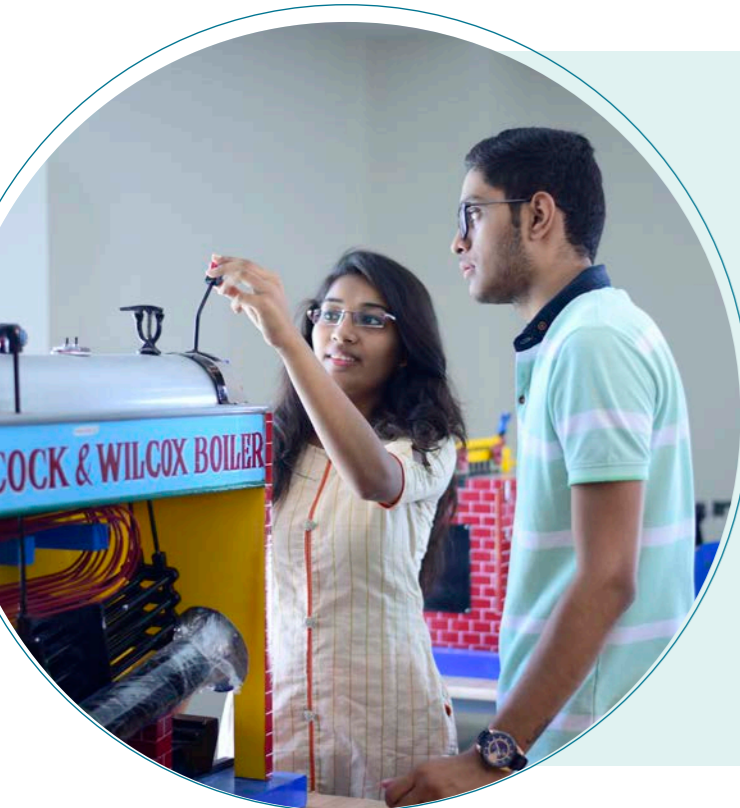

About Diploma in Computer Engineering

The diploma program in computer engineering provides students with an entry level knowledge in the field of computer engineering that develops and shapes the foundations of the students, allowing them to effectively develop their skill sets. Department of Computer Engineering offers a three-year diploma program in computer engineering which shapes and develops the students' comprehensive understanding. In consideration with technology in today's world, program is designed in such a way that it provides students with the most comprehensive understanding in the field of Computer Engineering. Students who are willing to pursue this program will be actively engaged in cutting edge industry projects in the various aspects of computing to ensure regular innovation which contributes to the sustainable development of India and the World. Our expert faculties from eminent institutes impart within the students the most vital practical understanding of Computer Engineering.

About Diploma in Mechanical Engineering

In order to supplement the need of professional expertise in the field of Mechanical Engineering, we offer a 3-year diploma program in Mechanical Engineering which focuses on developing and shaping the skills of the students in the various fields of Mechanical Engineering. Department focuses on enhancing the understanding of mechanics, dynamics and structural analysis of mechanical systems and also in the allied areas. To improve the knowledge and skills of the students, the department has adopted a unique approach to the scope of program, which provides the students with a comprehensive understanding of core mechanical principles. To develop the practical skills of the students, department is equipped with advanced laboratories. With our skilled faculties and resource persons from eminent institutions, we provide our students with an engaging and enriching learning experience of mechanical engineering.

About Diploma in Information Technology

As with increasing use of digital technology in and around the world, need for experts who are highly skilled in various aspects of technology are increased. Department of Information Technology offers a three-year diploma program in information technology which provides students the knowledge and competencies related to the fundamental knowledge of the field. As a way to impart students with practical knowledge, the department of Information Technology is equipped with advanced laboratories which provides an exposure to a pool of knowledge regarding computing. This program will provide students with the ability to navigate the various career avenues open in the field of Information Technology. Our expert faculties from eminent institutes who have immense experience in the field of IT provide contemporary knowledge to students in this field.

INTERNATIONAL COLLABORATIONS

About Diploma in Chemical Engineering

Department of Chemical Engineering provides a three-year diploma program with a comprehensive knowledge in the field of Chemical Engineering. Department provides students with an entry level understanding into the fundamentals of engineering which allows students to meet the academic demands of the course. The comprehensive study is designed to shape the understanding in the vital concepts of chemical engineering. With the department's unique orientation towards research and development, department is equipped with advanced laboratories. Our expert faculties from the eminent institutions guide the students on the path of academic excellence.

PROGRAM	INTAKE
