Study Architecture at P P Savani University

B.Arch is an extensive five year degree program, that creates an in-depth professional outlook of the students. The degree serves as an excellent spring board for an independent career in design practice, academics, research or even higher studies.

As Indian cities experience rapid urbanization, there is always a need for well qualified and creative architects that can participate in Nation building.

Architects as professionals are known for their passionate outlook and their love for the field. Architecture becomes not just any other job but a life defining and life changing profession. Architects enjoy strong bonds of comradeship and continue to learn new things all their life.

School of Architecture allows you to use your passion of creating extra ordinary designs & creating unlimited options with the limited space with hands-on learnings like human behaviors, human perception on designs, the process of design, and many more. Here at PPSU you will get a lot of opportunities to showcase your creativity and ingenuity while designing structures. While studying Architecture, you get an opportunity to study various fields of human endeavor, including Art, History, Material Science, Physics, Engineering, almost everything that can help improve the living environment of populace.

PROGRAM

**BACHELOR OF ARCHITECTURE*
MASTER OF URBAN PLANNING**

*This program is approved by
Council of Architecture.

Bachelor of Architecture (B.Arch)

Our Architecture program goes beyond just training students to fit into the professional field. It introduces and develops the skills and knowledge necessary for contemporary architectural practice.

The program is designed with an objective to widen student's knowledge, to help cultivate the right kind of values, ethics and attitude required for being a socially responsive citizen. This includes in-depth studies about societies and its historic context in different regions of India and beyond, international influences and the evolving value of our society, Art and Craft of different regions, the changing economy and also increasing awareness about the environment. B.Arch. program is approved by the Council of Architecture.

B.Arch Duration: 5 years (10 semesters)
(including 16 weeks office training)
