

School of
Engineering

School of Engineering

School of Engineering (SoE) offers 4 year B.Tech programme that spans across 8 semesters with a well designed curriculum comprising different categories of courses such as Foundation, Core Discipline, Perspective and Skills. Students register for a number of credit units from each of the categories, i.e. core and open electives, along with Project Based Learning & Industry Internships.

Courses offered:

- **B.Tech**
 - Chemical
 - Civil
 - Mechanical
 - Computer Engineering
 - Information Technology

Duration: 4 years

Intake: 60 each

ELIGIBILITY

As per the guidelines of ACPC.

PPSU - OUR ACADEMIC EDGE

- Choice Based Credit System/Online Courses
- Curriculum aligned and supported from the Industrial spectrum
- Constant focused approach on students' attendance and performance
- Orientation programs for Students
- Intensive Industrial Exposure by visits
- Expert Lectures by the Eminent speakers from Industries and Academia
- Student Feedback System

PROFESSIONAL GATEWAYS

- Career - Engineering companies, Self-employment, Start-ups.
- Higher Learning -
 - M.Tech
 - M.E. in Indian Institutes
 - MS in American Universities
