

Postgraduate Diploma in Health Sciences (Acupuncture)

Acupuncture, a simple, safe and effective form of Traditional Chinese Medicine, established its firm place in western medicine. The excellent results obtained in a number of illnesses made the WORLD HEALTH ORGANISATION also show interest in this oriental method of treatment.

Acupuncture stimulates specific points on the body in order to regulate the flow of Qi (Vital energy) to balance the functions of the body, mind, spirit and restore health.

The ancient practice of Acupuncture, a form of Traditional Chinese Medicine, has become a widely used treatment option in India. As a student you will gain an understanding of Traditional Chinese Medicine philosophy, principles and learn to apply these practically.
